high tensile tensioning cords in the guide tracks

closed, cassette with integrated brush seal

cassette with integrated brush seal, protection against dirt ingress

Triangular blind markilux 893

Product o	characteristics
Description	
	• window blind with round cassette and tensioning system, made to fit triangular areas of glass
	the ingenious blind design allows installation in any plane – with an extension of up to 500 mm.
Special featur	res
	 fully encompassing cassette that protects the cover perfectly
	• cassette with integrated brush seal at the cover exit point, removes extraneous debris, branches, leaves etc
	• tried and tested tensioning system with high tensile, non-stretching drive cords and integrated gas
	pistons – delivers optimum cover tension in any phase of extension
	 supplied as standard with a hard-wired motor
	 the broad range of brackets with patented clip-on system offers individual fixture solutions
	 cover made using a unique manufacturing process in plain colours only
	 production commences after the client has signed off the production drawing
Dimensions	
	• single unit: 68 cm – 400 cm in width, maximum extension 500 cm (depending on the triangular shape)
	• manufacture depends on the size of the angles next to the cassette (minimum 45°, maximum 75°)
Roller tube ar	nd lateral bearings
	 round roller tube Ø 63 mm with keyway, galvanised steel
	• the roller tube bearing is made of stainless steel
Blind profiles	
	 extruded aluminium, in façade quality, powder coated
	• cassette profile in two pieces, round, Ø 115 mm
	 guide tracks angular, rounded edges, width × height 34 mm × 40 mm
	• front profile width 250 mm × height 25 mm × depth 20 mm
Side caps	
	 the cassette end caps are made of high-quality plastic, powder coated
	 the guide track end caps are made of high-quality plastic, powder coated
	 the front profile end caps are made of high-quality plastic, powder coated
Fixture brack	ets
	 self-supporting cassette attached to the top of the guide tracks
	• brackets for the guide tracks: stand-off brackets, flat track brackets for side fixture
	• standard bracket heights: 80 mm / 100 mm / 140 mm (bespoke heights can be ordered)
